

The Roaming Studio Supply List: PRINTMAKING FROM HOME

Water Soluble Block Printing Inks

You can start with a number of colors, the more, the merrier. Blick and Speedball make good brands in the US.

Roller, or brayer

A 4- or 6-inch roller is helpful. Perhaps even two or three!

FOAM PLATES

You can buy these at the art store, Foam Printing plates

Or you can use the foam plates used for picnics, or to hold vegetables.

CONSTRUCTION PAPER (Not required, but fun)

You can use any paper, but the craft colored construction paper is fun to play with

Other materials you can find around the house:

Paper (of any kind)

A plastic place matt (for rolling out the printing ink)

Ballpoint pen

Large spoon
